Since then Premier Bratiano has tried to strengthen his position with the Peasant party, which supports Prince Carol's claim to the throne, by getting Jules Maniu and other leaders of the Peasant party to accept the regency law in exchange for a promise they would have 120 seats in the parliament which has just been elected. Mr. Vopicka in the sport. The stakes, Mr. Vopicka declared, usually equalled a tenth of a cent a point in this country.

Mr. Vopicka told a tale of descending pay checks for the king during and subsequent to the world war. At the beginning of the war. Ferdinand had an annual income of \$130,000, but within a year it was slashed to \$13,000 and immediately after the war he was drawing only \$6,600, Mr. Vopicka said.

Peasants Turn Down Bratiane.
Bratiane failed to keep his word.
The Peasant party obtained only 52
seats out of 382. In an effort to win back Maniu's favor Bratiano proposed cancellation of 30 returns and to in-crease the number of National Peasant deputies. They refused to bargain and have canceled their acceptance

en Marie was left out of the regency council. Now, as grandmother of the infant king, she finds herself left out entirely. Her opposition to Carol's return has in consequence been weakened, and his friends here say that she will eventually take sides with the opposition to the Bratiano régime in seeking the return of the direct heir to the throne.

#### POOR PAY TRIBUTE

BUCHAREST, Roumania, July 31.—

AP)—A simple and impressive religious peremony at the castle at Sinaia today opened the solemn obsequies of the first king of greater Roumania—Ferdinand. Clouds of incense filled the great hall. The bells of the mountain tolled as the senior generals of the army bore to the train the simple golden oak casket, on which lay the sovereign's sword and cap of the regiment of mounted chasseurs, which he commanded.

That part of the will relating to former Crown Prince Carol was changed on Jan. 2, 1926, by a codicil whereby the boy king, Michael II., Carol's son, receives the remainder of a king sword and cap of the regiment of mounted chasseurs, which he commanded.

The codicil mentions the severe trial section which king Ferdinand, the queen and the country were pluaged in consequence of Carol's renunciation of the succession.

Ferdinand also left 50,000,000 lei

manded.

All day long lines of peasants dressed in their best filed into Sinaia and the towns through which the funeral train passed. Many brought wild flowers which they laid on the tracks. They came afoot, in ox wagons, in little busgies drawn by shaggy ponies, and in other vehicles. The train was draped in black, as were the station buildings along the way.

"He was our father," said a peasant roman from the oil fields forty miles from Bucharest. "Long live his grand.

Geath, King Ferdinand demands in the interests of the Boy King Michael.

"My son Carol," the letter said, "to whom I wish an honest, happy life in the new field which he chose despite all our efforts, as a Roumanian son and father is obliged to do everything in his power to safeguard the succession of the throne as it is now regulated."

A LINE O' TYPE OR TWO

Hew to the Line, let the quipz fall where they may.

Maintenant, mon enfant, we will take a peti urney and soak up a little history. Courage At the end of our journey we will meet two lovely restaurants and soak up other things. We will prowl around the great public market which the Parisians call Les Halles (lay al) and which is très interessant! Ah, beaucoup, beaucoup! Non, non, non. Non tex-EE! No, sirree. We'll

take the subway - " Dee-recksee-OWN Chat-ee-LET." We get off at the Châtelet station in almost no time (subways are wonderful things—wish we had one in Chicago! Oh, shuttup!) and we wall up the Rue des Halles until we come to the big market. Ramble around all you please (be careful of the snails; do not let them bite you). Now come out of Les Halles on the south side of

the big buildings into the Rue Berger, walk east to the Place des Innocents, and look at the fountain It's quite a novelty in Paris to see water splashin so freely. Walk a block south on the Rue St. Denis. (No, Laura, they did not name it after our Dennis King. They should have done so, but they didn't.) Now we come to the Rue des Ferroniers, and we stop at the door which bears the street number 3 over it. I suppose you think we are going inside and get a glass of champagne or some thing? Nothing like that! Here's where you learn a little history. Do you remember Henry IV? Certainly he's dead; who said he wasn't? And it was right here that Henry's carriage was stopped by a traffic jam, or else he ran past the red light and the traffic cop stopped him. Anyhow, on the night of the 14th of May, 1610, which was quite some time ago, Henry's carriage was blocked right here, and Old Man Ravillac jumped upon the step and, reaching into the carriage, stabbed the king to death. Henry was a good king, but he wore whiskers, and Ravillac was walking delegate for the barbers' union.

Allons y! (alawns zeeh-let's go). We'll keep right along the Rue Ferroniers, walking east. These new, modern apartment homes may be acquired by the purchase of an equity in the GROUND and BUILDING, ranging from \$5,500 to \$10,500. Easy terms if desired.

The Cranston contains five and six room apartment homes, with private bath for each bedroom, designed to give the utmost in living comfort. All the apartments are roomy beyond ordinary expectation.

Fireproof Garage Space for Each Apartment on Premises

#### Some of the Advantages of Owning Your Own Apartment

- It will enable you to own a home for a smaller investment than by any other plan. The average lot for an individual home in this exclusive neighborhood costs more than an apartment in The Cranston.
- The expense of maintaining an apartment (taxes, janitor service, insurance, coal, repairs, etc.) is much less than its rental value, or the expense of maintaining an individual home.
- It gives you the comfort and satisfaction of living in a beautiful, high-class district, and makes you an owner instead of a tenant. You acquire a definite property value for money that otherwise you would
- It enables you to participate in the financial profit of increasing values, eliminates annoyance and expense of moving, stops the landlerd's prefit, agent's expenses are always passed on to the rent payer, but are unnecessary under our co-operative ownership plan.

## From Fords to Rolls-Royces, thousands of cars are mounting Inlands . . . for their savings and for their service!

F you'll trouble yourself a little bit and look for a store with a green and white front there'll be a man inside who'll give you \$4.... maybe as much as \$10. He'll give it to you just as actually as though he peeled greenbacks off a roll and tucked them into your wallet.

If you're going out today to buy a tire you can pay just \$4 to \$10 less for it .... and get a 12,000 mile guarantee with it that means 12,000 miles on your speedometer or a brand new tire without

#### The new Inland Selling Plan

Inland's selling plan is just common sense working again. Inland has ripped away all distribution costs by establishing its own factory branch sales depots for consumer selling. When you buy an Inland tire you save the profit which the distributor, jobber and retailer share among themselves. That is from \$4 to \$10 per tire ..... 25% to 35% of its retail price. Inland simply puts that money back in your pocket, and it's building a wonderful business for Inland. So we both gain.

#### Guaranteed 12,000 and 15,000 miles —frequently Inlands pass 20,000

We're not afraid of our product . . . . not afraid to guarantee it. We know how well we build it. We make it staunch and husky to stand the skids

and shocks and strains that tires get. And we're not afraid of human nature .... we believe that very few people will unfairly abuse a tire and then ask us to make good. But even then we will make good rather than risk our good name in any misunderstanding. The Inland guarantee is unconditional . . . straight across the board!

#### Already 50% of our Sales are to "Repeat Customers"

You can sell a man a tire once on promise, but only performance will sell him another. Inlands are giving so much mileage and so little trouble on the wheels of thousands of cars that their owners are telling us how good they are by buying more. Even though new customers stream in constantly, 50% of our daily sales are made to motorists who know Inland tires by their own experience.

Have you been promising yourself to buy a tire for the car? Buy an Inland and save from \$4 to \$10 save 25% to 35%. Count the miles ..... they're assured by the strict Inland guarantee. There's a four-square proposition that ought to make a hit with any business man.

Look for one of the green and white Inland sales depots .... or come to the salesroom right in the Inland Factory. The addresses are listed below ..... one of them is surely on your line of travel.

The fighters appeared in their battle togs, followed by their seconds. A half hour's delay trying to agree on a referse; then the contest, which was to last seventy-five rounds of barefisted slugging began. A merciless sun beat down on the half-naked bruisers and the coatless spectators. There was danger every minute that the sheriff's posse or the National Guard of the state, which had been ordered out by the governor, would arrive. If they arrived it meant bars—if not builets—for principals and spectators, but no one cared. The fight finally ended when Kilrain was unable to answer the call for the 76th round.

SMITTY-IT WON'T BE LONG NOW

Sharkey rushed out and missed a left holk. Sharkey rushed out and missed a left holk. Dempsey waded in and had Sharkey in a clinch. Dempsey bored into Sharkey and pasted him with a two handed body attack. They exchanged some vicious short punches in a clinch. Sharkey tried to duck but Dempsey held him: Sharkey closed in and missed a right to the head. Sharkey jabbed a light left and Dempsey closed in hammering with both hands to the body. Dempsey planed Sharkey on the ropes, but Sharkey snapped his head back with a left. Dempsey planed Sharkey on the ropes, but Sharkey snapped his head back with a left. Sharkey missed a terrific right npper cut and two lefts for the head. Dempsey tried to do some infighting, but Sharkey ducked under his arm. Sharkey landed three left hooks to the jaw and Dempsey was floundering around in a groggy condition and held on. Again Sharkey hooked a left to the jaw and Dempsey held on for dear life. SECOND BOUND—Sharkey missed with a long left to the head and then rushed Dempsey half way across the ring, landing rights and lefts. Dempsey pinned Sharkey on the ropes with lefts to the body. Sharkey on the ropes with lefts to the body. on the ropes with lefts to the body. Sharkey complained that Dempsey was hitting low. Sharkey again jarred Dempsey with a left hook to the head. They clinched. Dempsey was not his old weaving self and tried to box with Sharkey. Sharkey again unleashed a two handed attack and Jack wobbled under the punches. Sharkey played a steady tattoo of lefts on Dempsey's face without a come back. Dempsey hooked a left to Sharkey's mid riff and started a glorious rally. Sharkey appeared to be hurt and went into a clinch. Dempsey hooked a left to the jaw and right to the body but Sharkey straightened him up with lefts to the head. The blood was coming from Sharkey's mouth and Dempsey had a small cut below his right eye.

> Sharkey drove a left to the stomach and then nalled Dempsey with a left hook to the head. Sharkey took the offensive an made Dempsey cover. Dempsey hooked a left to the jaw twice and they clinched. Dempsey tore in and hooked Sharkey with a right and left to the body. Dempsey knocked down a left lead and then sent a right to the body. They mauled and hauled in a clinch. The ex-champion was applied to be a triff a waters.

During his career, from his first FOURTH ROUND-S professional bout in 1915 until his last night, Dempsey engaged in 78 fights. Out of that number he won 47 by knockeuts and won the decision

SIXTH ROUND—Dempsey was short with two left jabs and Sharkey missed several left hooks. Dempsey crowded Sharkey into his own corner, and hooked both hands to the body. Dempsey hooked to the kidneys in a clinch. Dempsey missed a wild left hook, and they clinched. Sharkey missed another left to the head. Dempsey weaved and followed Sharkey as the latter retreated around the ring. Sharkey shook Dempsey up with a right apperent and Dempsey appeared to be hurt. Dempsey fell into a clinch and Sharkey did nothing but hold on. Dempsey punished Sharkey with rights to the stomach at close quarters. Dempsey shook Sharkey up with a left hook and spun him around with a right to the jaw. Dempsey kept jabbing lefts to the jaw, after the bell, and Sharkey turned around and repaid the compliment. **Eighth Inning Rally Scores** All Runs.

BY EDWARD BURNS.

The illiterate but eloquent philosophy that "them as has, gits" never was more cruelly demonstrated that yesterday when the gorged Yankees stepped on the starving White Sox, 4 to 1, all because a pop fly dropped about one and a half inches out of Bib Falk's reach Falk's reach.

For seven innings Sergt. George Con-nally, the only pitcher who could win during the recent Philadelphia and during the recent Philadelphia and Washington series, let the powerful Yankees down with one scratch hit. But in the eighth the New Yorkers, who need no help from a kind fate, got one of those breaks they talk about so much in baseball. And in short order a 1 to 0 victory was turned to the 4 to 1 trimming.

Sox Score Lone Run.

The only Yankee hit between the start and the eighth came in the fourth, when Gehrig's high fly fell back of third and went for two bases. Lou never got any farther.

In the fourth Falk and Clancy, the

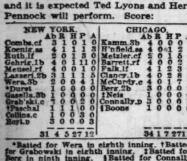

first two batters, singled and Falk scored on McCurdy's infield out because he had reached third when Lazzeri threw wild on Bud's single.

The game breezed along from that coint without threats from either side until Tony Lazzeri smacked one to the right field scoreboard for a triple to open the eighth. Durst went in to bat for Wera and struck out. Then Paschal batted for Grabowski and dropped a Texas leaguer back of third which Falk couldn't quite grab, although he made a heroic effort. It vent for a double, scoring Lazzeri. Hoyt then struck out. Combs came up and the ball grazed the lint on his iniform, sending him to first.

The Babe Crashes a Double

Koenig singled, scoring Paschal, putting Combs on third and reaching second on the throw in. McCurdy trapped Koenig off second with a snap throw to Hunnefield and when the play was diverted to Combs between third and home, McCurdy dropped Hunnefield's throw with an easy put-out before him, Combs scoring. Ruth then got his lone hit, a double, which scored Keenig.

Connally struck out seven, which in-cluded two whiffs for Bob Meusel, and from the Giants today, 7 to 6. Catcher one for Tony Lazzeri. Nearby is the Beverly Yacht Club, under whose auspices small boar races are held every Saturday and holiday during the season, beginning with the Herreshof 12's, sailed by children from 12 years up, to the 21-footers. Often a fleet of forty boats may be seen at one time. In fact, every week is race week at SCRAGGY NECK. SCRAGGY NECK is a circular

beadland connected with the Cape by a natural canseway. It is 60 miles by rail from Boston, or can be reached by motor over the finest of broad, smooth highways. It is a quiet place, off the beaten track, suited to the better class of summer estates. There are anchorage facili-ties and a float for small boats and ties and a float for small boats and mooring place for yachts up to 18 feet draught. The Neck comprises about 350 acres, with 3½ miles of high, breezy shore and a bathing beach reserved for residents. The lots are large and are sold subject to protective restrictions; priced from \$3600 up. Office on the property open daily through July and August.

First Mortgage Sinking Fund 6½% Gold Bonds (CLOSED MORTGAGE)

To be dated August 1, 1927 To mature August 1, 1952 Joint and several obligations of Detroit International Bridge Company and The Canadian Transit Company. Principal and semi-annual interest (February 1 and August 1) payable at The New York Trust Company, New York, N. Y., in U. S. gold coin or at the offices of the Royal Bank of Canada in Toronto and Montreal, and at its other offices and agencies in Canada, in Canadian currency. Redeemable as a whole or in part at any time or from time to time, prior to maturity, on 30 days' published notice at 105 and accrued interest.

THE NEW YORK TRUST COMPANY, NEW YORK, CORPORATE TRUSTEE Mr. Joseph A. Bower, President of the Detroit International Bridge Company,

PROPERTY: The Detroit International Bridge, when completed, will be a toll bridge extending across the Detroit River to connect Detroit, Michigan, with the Border Cities of Ontario, Canada—Windsor, Sandwich, Walkerville, Ford City, Riverside, Tecumseh and Ojibway. The bridge is planned to be built on private property (except for railroad and street crossings), as it is proposed to acquire by condemnation or purchase all of the real estate for its approaches. In addition to affording the most conintial part of the increa venient highway route for a very subs between Detroit and the Border Cities, the proposed bridge will offer the shortest route from points north of Fort Wayne, Indiana, to points in New England and eastern Canada via Niagara or Toronto over the new Kings Highway. The bridge proper will be of the suspension type, about 7,542 feet long, with a center span of approximately 1,850 feet. The total length of the bridge and approaches will be approximately 1.7 miles. The deck will provide for a 47-foot roadway sufficient for five lanes of vehicles and an 8-foot sidewalk for pedestrians.

It is expected that the construction work will be completed and that the bridge will be open for traffic about August, 1930. The completion of the bridge pursuant to the construction contract with McClintic-Marshall Company, and the faithful performance of its terms will be guaranteed by the deposit with the Mellon National Bank by Mr. R. B. Mellon and Messrs. H. H. McClintic and C. D. Marshall of marketable securities of an aggregate market value which they jointly and severally agree to maintain at not less than \$12,000,000. All of the outstanding capital stock (except directors' qualifying shares) of The Canadian Transit Company will be owned by the Detroit International Bridge Company.

SECURITY: These Bonds, in the opinion of counsel, will be the direct joint and several obligations of the Detroit International Bridge Company (of Michigan) and of The Canadian Transit Company (of Canada), which will construct, own and operate the bridge, and will be secured by a closed first mortgage on the bridge, its approaches, and all franchises pursuant to which it is constructed or operated. The cost of the bridge and approaches will be substantially in excess of the principal amount of these Bonds. These Bonds are to be followed by \$8,000,000 Twenty-Five Year Participating Sinking Pund 7% Gold Debentures of the Detroit International Bridge Company (of Michigan). Appropriate provision will be made in the First Mortgage and in the Michigan). Appropriate provision will be made in the First Mortgage and in the Trust Agreement under which the Debentures are to be issued to insure the application of the proceeds of the First Mortgage Bonds and Debentures to the tost of the construction of the bridge, approaches and terminals, acquisition of lands and property, and other proper corporate charges.

EARNINGS: Messis. Coverdale & Colpitts, Engineers, estimate that there should be available during the first year of operation net income (before depreciation and Federal income taxes) of \$2,012,833, or approximately 2.6 times the maximum annual interest charges on this issue, and that during the next ten years of operation annual net income on the same basis should average \$3,729,000 or over 434 times such interest

GENERAL: Professor Henry E. Riggs of Ann Arbor, Michigan, head of the Department of Civil Engineering of the University of Michigan for the past fifteen years and well known expert on traffic matters, states on reviewing the estimates as to traffic contained in the report of Messrs. Coverdale & Colpitts, the following: "The report is based on readily proven facts, is sound, extremely conservative and well presents the reasons why the success of this project may be confidently predicted."

Twenty-Five Year Participating Sinking Fund 7% Gold Debentures

To mature August 1, 1952 To be dated August 1, 1927 To be presently Outstanding \$8,000,000 To be Authorized \$8,000,000 Direct obligations of Detroit International Bridge Company. Principal and semi-annual interest (February 1 and August 1) payable at The New York Trust Company, New York, N. Y., in U. S. gold coin or at the offices of the Royal Bank of Canada in Toronto and Montreal, and at its other offices and agencies in Canada, in Canadian currency. Redeemable as a whole or in part at any time or from time to time, prior to maturity, on 30 days published notice at 120 to and including August 1, 1937, and thereafter at a premium increasing by one per cent. per annum to and including August 1, 1942, and thereafter and prior to maturity at 125, in each case with accrued interest to the date of redemption and certain unpaid cumulative participations.

THE NEW YORK TRUST COMPANY, NEW YORK, TRUSTEE The operation of the semi-annual sinking fund through purchases in the open market or through redemption at 120 to 125 and accrued interest is expected to retire this entire issue by maturity.

Mr. Joseph A. Bower, President of the Company, advises as follows:

PROPERTY: The Detroit International Bridge Company (of Michigan) was incorporated in June, 1927, and will own all of the outstanding capital stock (except directors' qualifying shares) of The Canadian Transit Company (of Canada). These two com-

qualifying shares) of The Canadian Transit Company (of Canada). These two companies were formed for the purpose of constructing, owning and operating a toll bridge across the Detroit River to connect Detroit, Michigan, with the Border Cities of Ontario, Canada—Windsor, Sandwich, Walkerville, Ford City, Riverside, Tecumseh and Ojibway. The necessary American and Canadian legislation has been enacted and the respective governmental permits have been obtained or satisfactorily assured.

It is expected that the construction work will be completed and that the bridge will be open for traffic about August, 1930. The completion of the bridge pursuant to the construction contract with McClintic-Marshall Company and the faithful performance of its terms will be guaranteed by the deposit with the Mellon National Bank by Mr. R. B. Mellon and Messrs. H. H. McClintic and C. D. Marshall of marketable securities of an aggregate market value which they jointly and severally agree to maintain at not of an aggregate market value which they jointly and severally agree to maintain at not less than \$12,000,000.

SECURITY: These Debentures, in the opinion of counsel, will be direct obligations of the Detroit International Bridge Company, preceded by \$12,000,000 First Mortgage Sinking Fund 61/2% Gold Bonds, due August 1, 1952, provision for the reduction of which amount will be made through the medium of semi-annual sinking fund payments beginning on the first interest payment date following eighteen months after the bridge is formally opened for public traffic. Single ownership and operation of the bridge is effected through the ownership by the Detroit International Bridge Company of all of the outstanding capital stock (except directors' qualifying shares) of The Canadian Transit Company (of Canada).

EARNINGS: Messrs. Coverdale & Colpitts, Engineers, estimate that there should be available during the first year of operation net income (after interest on the First Mortgage Bonds and before depreciation and Federal income taxes) of \$1,232,833, or over twice the maximum annual interest charges on this issue, and that during the next ten years of operation annual net income on the same basis (but also including a deduction for sinking fund charges on the First Mortgage Bonds) should average \$2,683,000 or over 43/4 times such interest charges.

PARTICIPATION: The Debentures (when issued in definitive form) will have attached thereto warrants or coupons entitling the holders to a participation in the semi-annual consolidated net earnings (to be defined in the Trust Agreement but after interest and sinking fund requirements on the First Mortgage Bonds and Debentures, Federal income taxes and dividends on preferred stock) to the extent of 1½% of the principal amount of the Debentures at the time outstanding when and as set aside for the purpose as provided in the Trust Agreement. If such participation is earned in any semi-annual period after the formal opening of the bridge for public traffic, but is not paid, it shall be cumulative, and all such accumulations, as well as the current participation, shall be payable before any dividends are paid on the common stock. The maximum participation of 3% in any year is in addition to the regular coupon rate of 7% per annum.

Money rates of all sorts declined to new low points for the year today. On all two previous occasions this year as the official call money rate on the schange touched 3½ per cent, and mple funds were available in the outside market today at 3½ per cent. The ference which may be drawn from the seah declines in money rates is that a demand from commercial, agriculal, and industrial lines is at its mid-new reminimum.

Prior Lien Thirty-Year 6% Gold Bonds

Dated October 15, 1918 Due July 1, 1948

TRUSTEE: CHATHAM PHENIX NATIONAL BANK AND TRUST CO., NEW YORK We summarize as follows from the letter from Mr. John T. Cochrane, President of the

PROPERTY: This road owns and operates 186 miles of railroad extending north and

SECURITY: These bonds are a first lien on the 186 miles of railroad now owned and on the 30-mile extension to the Port of Mobile, in course of construction, and on one and one-quarter miles of Mobile harbor front. On the completion of this financing, there will be outstanding \$1,820,000 of this issue, at the rate of \$8,426 per mile. The bonds are also secured by the equipment of the Company, subject to \$247,750 car trust bonds. Securities of the Company junior to these bonds have a total par value of \$5,893,989.29.

PURPOSE OF ISSUE: Proceeds of the \$1,000,000 bonds, constituting this issue, are to be used to complete the 30-mile extension into Mobile, develop terminal facilities, improve present line and purchase more equipment.

ST. LOUIS-SAN FRANCISCO RAILROAD CONTRACT: Heretofore the Alabama, Tennessee & Northern Railroad Company's business has been entirely local because it has had no connections, except with different divisions of the Southern Railway System, which itself owns two lines into the City of Mobile.

The St. Louis-San Francisco Railroad has entered into a contract with this road for the joint handling of through traffic between all points on the St. Louis-San Francisco lines and their connections and the Port of Mobile. This contract binds the two companies to work preferentially with each other and the St. Louis-San Francisco Railroad definitely agrees to solicit and route via the Alabama, Tennessee & Northern Railroad, all traffic it may have or can control to and from the Port of Mobile.

EARNINGS: The road has earned interest charges on the Prior Lien and Equipment Trust bonds from 3 to 4½ times in each of the past three years. Earnings for the past two years were at the rate of nearly twice interest charges on total amount of bonds to be outstanding presently.

EARNINGS: The Holland Furnace Company has made a profit every year of its history and has shown an increase in profits every year for the past sixteen years excepting 1918 when nearly one third of its increase in profits every year for the past sixteen years excepting 1918 when nearly one third of its sales organization was in War service and in 1925 when the second large increase in branches was made. The cost of establishing the 252 new branches was absorbed in 1924, 1925 and 1926. Had it not been for these large expenditures which are just now beginning to be reflected in larger sales and profits, profits for the three years would have been materially larger.

GUARANTY TRUST COMPANY OF NEW YORK, Trustee

Sinking Fund Operations Are Expected to Retire All of These Bonds Before Maturity

COMPANY AND BUSINESS:

National Theatres Corporation, organized in 1921 under the laws of Illinois, (a) owns and/or leases ten motion picture theatres, with a seating capacity of 18,234, and owns one new 2,414-seat theatre whose construction is practically complete, or a total seating capacity of 20,648, all in Chicago, and (b) controls film bookings for 99 theatres principally in Chicago. The Corporation is controlled by National Playhouses, Inc., also an Illinois corporation, which has no funded debt and whose capital stock is owned by over 5,000 residents of Chicago and vicinity.

Films are supplied to the theatres under satisfactory contracts with the most important national film producers and distributors.

EARNINGS: Earnings of National Theatres Corporation for twelve months ended December 31, 1926, during which time six theatres with a seating capacity of 11,018 were operated, and including rental from one theatre with 1,600 seats leased and sublet, have been certified by Peat, Marwick, Mitchell & Co. Average earnings for calendar years 1927-1930 inclusive, reflecting earnings from increased seating capacity of 8,030, are estimated by Wm. H. Babcock & Sons of Chicago,

Gross Revenues	Dec. 31, 1926 \$2,164,388 1,665,033	1927-1930 inc. \$3,939,000 2,916,000	Control of the Control
Net Earnings		\$1,023,000 252,505	1
Ralance for depreciation, Federal taxes, sinking fund and dividends.	\$ 246,850	\$ 770,495	

Net earnings in 1926 were over 1.9 times annual interest charges on Divisional Mortgages and these Bonds. Estimated annual earnings for 1927-1930 inclusive indicate that such interest will be earned over 4 times.

URITY: These Bonds will, in the opinion of counsel, be the direct obligation of National Theatres Corporation which has a value, as appraised for the Bankers by Wm. H. Babcock & Sons of Chicago, of \$6,472,000. They will cured specifically by a first mortgage on land and buildings, comprising two theatres, on the leasehold interest of the oration in six other theatres, and by mortgage on two additional theatres, subject to \$1,327,000 underlying bonds thereon.

PURPOSE OF ISSUE: Proceeds of these Bonds will be used to retire certain divisional mortgages, to pay for the completion (guaranteed by surety bond of Maryland Casualty Co.) of one theatre expected to be opened during August, 1927, on which these Bonds will be secured by a first mortgage, to retire current debt and for other

All legal details in connection with this issue of Bonds will be passed upon by Messrs. Chapman, Cutler & Parker and Donald H. Mann, Esq., of Chicago. It is expected that temporary Bonds will be ready for delivery on or about July 28, 1927.

tics wouldn't be appreciably reduced were the younger women trained to be a bit more tolerant toward their husband's mothers in the early stages of their marriage. Too often girls approach the mother-in-law with so deeply rooted a prejudice against mothers-in-law in general that they do not give their own a fair break.

Being a mother-in-law doesn't auto-matically at one out of the character of a human being. A woman does not suddenly become an ogre because she has lost her son to another woman. She may be a little bit jealous and she may think her daughter-in-law a bit too frivolous and extravagant for her son. That is human. But she has other human qualities of kindness and sympathy if she is only approached in a manner to encourage their show

I have a feeling that the younger oman often takes advantage of the nother-in-law's defenselessness. She pathy of the world is against her. To study these seams is to receive a liberal education in the method by which the present day designer achieves distinction. You will notice that there is one coming down the top of the sleeve to end in a square formation just above the cuffs and that this right angle meeting is echoed by the seams coming down the front of

Such ingenious employment of seam one of the outstanding features of late fashions from Paris. On coats the seam is especially active and it succeeds in giving a new interpretation to the familiar straight line silhouette. in skin care if "That Schoolgirl Complexion" is your aim By NORMA SHEARER

THE following rule is credited with more beautiful complexions than any other method known. Yet it's the simplest and most economical plexion."

That marks the modern idea in beauty culture—the process formula for keeping "that schoolgirl complexion." it's the simplest and most economical in skin care of all.

it's the simplest and most economical in skin care of all.

Wash your face gently with Palmolive Soap. Massage its balmy olive and palm oil lather into the skin. Then rinse with warm water, and follow with a dash of cold.

Do this regularly, and especially at night, for one week. Note how much better your skin. Use powder and make-up all you wish. But never leave them on over night.

But be sure you get the real Palmolive. A soap made solely for the purpose; to guard your skin. 60 years of soap study stand behind it. Its results are proved by countless schoolgirl complexions everywhere. Get Palmolive new. Use no other on your face. Experimenting with unproved soaps is a folly. Good complexions are too priceless for that. The Palmolive-Peet Co. Chicago

Ohio Shafts to Reopen on Nonunion Basis.

Columbus, O., July 21.—(P) court restraining order and an order for machine guns and ammunition fig-ured today in the first step of Ohio operators to carry out their threat to run the mines in the Ohio field with nonunion labor, since no agreement has been reached with the unions on a wage scale.

The executive committee of the Ohio Operators' association will meet at Cleveland tomorrow, presumably for a general consideration of the situation. Will Import 300 Miners.

From Steubenville came reports of officials of the Rose Valley and Goodyear Rubber company mines having admitted ordering machine guns and ammunition preparatory to opening their properties on a nominion basis. The Rose Valley mine is to open next Monday, while the Goodyear mine is scheduled to open Aug. 5. Rose Valficials are preparing quarters for

Spokane, Wash., Jan. 31.—"My skin had been very clear up to a while ago when blackheads and while ago when blackheads and then pimples developed. They spread rapidly and I was terribly annoyed. I used several suggested remedies without good results, and was disgusted and just ready to give up hope of ever having a good complexion again when I saw one of your advertisements. At the same time a friend recommended Resinol Soap and Ointment, so I began to use them. After a few applications my trouble was re-lieved, and I now keep these prod-ucts always on hand. Right In His Poor Little Tummy!

DETER sat on one side of the fire-place and Teddy on the other-Peter Rabbit and Teddy Bear I ing their supper. Each one had a little footstool—I mean table—in front of him. Teddy was enjoying his honey and nuts and Peter was nibbling on his lettuce and carrots.

All was serene as a summer day although this happened long ago I still quiver a little when I think of it—I slipped and in catching myself kicked the footstool bang! right up against the middle of Teddy's stomach! I hastily stooped over and straightened reddy's table, hoping the mishap had not been seen. But it had, and gone was our sweet serenity.

Teddy was picked up, clasped in loving little arms, and almost bathed in tears. "O Mommie, you hurt Teddy tummy-O Mommie, you hurt Teddy!" And there stood my very little son, tears streaming down his cheeks, looking at me with mingled on dotted lines, giving number and size pain for Teddy and reproach for me. of such patterns as you want. WHY PROMPT INSPECTION IS DESIRABLE

When many people want the same thing at the same time . . . many must necessarily be disappointed. There are a number of beautiful apartments awaiting your inspection, week days or Sunday, at 2130 Lincoln Park West . . .

a location second to none . . . for beauty, desirability, and convenience. There still remains a choice as to size, arrangement, and price of apartments. These facts would indicate the wisdom of an early inspection.

THE LINCOLN PARK WEST TRUST,

20 N. Michigan-av. 64 W. Randolph-st Superior 8664. Central 6676.

WHY PAY RENT? For lovers of reasonably priced, beautiful co-operative apartments. We have developed a building at the mortheast corner of Sherwin and Asheland-awa. Rogers Park: four and sheland-awa. All rooms have canvased walls, painted and glazed; Venetian bracket lights. mirrored doors. cedar lined closets. Firidaire with porcelain interior and exterior boxes. Larke enameled Crown ranses with oven heat regulators; electric exhaust and intake fans. glistening white tile bathrooms with fixtures and showers. Pedestal lavatory: built-in-bath tubs: excellent closet space: in fact, every modern convenience. If fact, every modern convenience on throughout the build-ding, halls, lobbies, etc., is the very best. Storage space, modern laundry facilities. Kewanee heating plant with internal hot water system, water poum, directors, or play room, Larke room with kitchen attached in basement for receptions, entertainments, etc., for the benefit of owners. # Jack Dempsey Comes Back by Knocking Out Jack Sharkey in Seventh Round of Their New You

DEMPSEY HAS BETTER OF ARGUMENT IN SECOND ROUND OF LAST NIGHT'S NEW YORK BATTLE. The former champion, at the right with his head down, began his weaving tactics in a rally toward the end of this round. Sharkey, at the left, is endeavoring to straighten up his opponent.

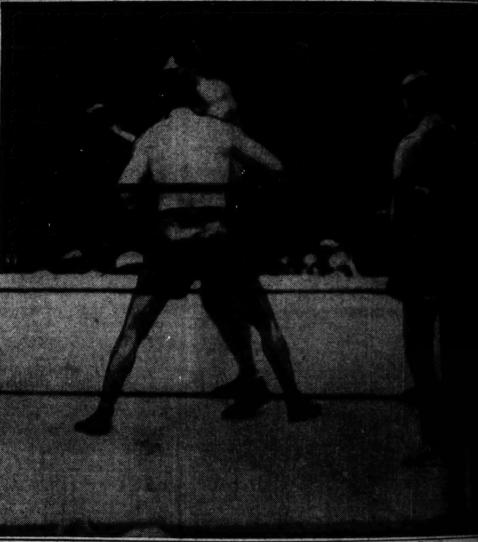

JUST AFTER DEMPSEY'S LEFT HAND PUNCH LANDED UPON SHARKEY'S JAW IN SEVENTH I After Jack's terrific blow landed Sharkey fell flat on his face, as shown in the picture, and remained in that position Referee O'Sullivan, who is standing over him, counted eight. Dempsey is awaiting the final count.

WEIGHING IN FOR LAST NIGHT'S BATTLE. At left: Jack Dempsey, who tipped the scales at 1941/2 pounds. At right: Jack Sharkey, who scaled 196 pounds.

FIGHTERS MIX IT MERRILY ON EVEN TERMS IN FIRST ROUND. The picture shows Dempsey near the ropes at the left while Sharkey is driving a left to his body. Referee O'Sullivan is standing in the center of the ring.

FIGHTING ON EVEN TERMS IN CENTER OF THE RING IN THIRD Sharkey is shown with his back to the camera and with his head down mixing to Dempsey, facing the camera, is looking for an opening.
